## BUILDING FUNDS.

**The Law Governing Their Taxation and What is Required.**

The new law governing the taxation of building and loan stock will interest the numerous associations and stockholders in Fort Wayne. It reads as follows: "That on or before the first day of June of each year the secretary of every building, loan and savings association shall file with the auditor of the county in which such association was organized a duplicate statement, verified by such secretary, showing the amount paid into said association by shareholders upon shares of stock issued by it up to the first day of April preceding, and then outstanding; and also the amount loaned up to said date to shareholders and secured by mortgage upon real estate. And such auditor shall deliver said statement to the proper assessor, who shall proceed to assess said association for taxation with the amount shown to have been paid into said association up to said first day of April upon outstanding shares of stock, less the amount shown by the statement to have been loaned to shareholders upon such mortgage security."

The nineteenth century has provided the greatest Roman of them all, Salvation Oil. It kills pain.

Amusements.—Theatre goers are very liable to contract a very severe cough or cold. A safe and reliable cure is Dr. Bull's Cough Syrup. Price 25 cts.

A lady said to us to-day: "That pair of dollar and a half shoes I bought of you last fall wear just as well as any $3 pair I ever had." She bought at the Massachusetts Shoe Co.,

**$7.00.** Is not much for a suit of clothes, Hat, Underwear and etc., making a good working outfit. Well you can get it at the Friends Enterprise 26 Calhoun St.

$1 for ladies' glove button. Everybody pleased with them. Massachusetts Shoe Co.

A light yellow Sugar for 5c a pound. At the Star Grocery.

**Fresh Eggs Down.**

Fresh Eggs, 14c per dozen.
3-pound can Pie Peaches, 8c can.
FRUIT HOUSE.

Children's school shoes from 50c upward, where everybody trades. Massachusetts Shoe Co.

**The Automatic Exposition.**

This wonderful entertainment continues to amuse, instruct and astonish visitors day and evening at 27 Calhoun street. The children are greatly benefitted, adults are furnished food for reflection and all classes are deeply interested in the novel and exceedingly ingenious movements of workmen and the operations of complex machinery. It will remain a few days longer. Ladies should make their visits in the day time. There are large crowds in the evening.

THE FINEST AND BEST

## DURING MASS

**A Church Platform Gives Way and Many People are Injured.**

CHICAGO, March 17.—A panic occurred at the Roman Catholic church of St. Mary's this morning. The church was completely crowded and outside on the steps was a vast crowd unable to gain admittance.

All at once there was a sharp crack followed by a grinding crash, and fully 200 hundred men, women and children were precipitated fully ten feet, the platform having given way.

Twenty-three persons received injuries. Mrs. Kern, an aged lady, had her back broken and H. O'Connor both legs broken.

## A BULL FIGHT.

**Fifty Thousand People Attack a Mexican Pit and Force the Bulls and Fighters Into Battle.**

SAN RAEFFEL, Mexico, March 17.—A bull fight took place here yesterday in the presence of fully 50,000 people, none of whom had paid less than $8 for a seat or standing room. The bulls refused to fight, and finally the spectators burst into the ring and made an indiscriminate attack upon the bulls and the fighters with chairs and other convenient missiles.

Troops were called upon to suppress the riot and several times were compelled to charge the crowd with drawn sabres before the maddened people would desist from their attack upon the bull fighters. The people resisted the soldiers and a large number of the former were more ore less wounded while the latter were arrested.

## ITS ENGLISH.

**St. Patrick's Day Observed by Britons As It Was Never Before.**

LONDON, March 17.—A feature of the observance of St. Patrick's day in England was the appearance of many Englishmen wearing shamrocks.

A sleet and snow storm stopped all out door demonstrations in honor of the day in Dublin, and the drooping of the colors, usually one of the events of the celebration of St. Patrick's day there, did not take place.

It is feared that riots will ensue from the celebration of the day at Lurgan, county Armagah. Two hundred extra police patrolman have been added to the regular force.

ST. PETERSBURG, March 17.—The plot to assassinate the czar, which was to have been carried out last Sunday, was arranged by members of the Torrorist section of the Nihilists. Several hundred of the constitutionalists are under arrest.

ROME, March 17.—At a consistory the new cardinals were hatted. The pope also precovised the new archbishop of India.

**He Was a Good One.**

NEW YORK, March 17.—The sheriff has seized the place of business of Walter E. Lawton, 31 Broadway. He is in Canada and did business under the firm name of Lawton Bros., as fertilizers. He defrauded banks and creditors to the amount of $100,000.

## ST. PATRICK.

**How His Memory is Revered by the Irish Americans of Fort Wayne.**

This is St. Patrick's day, an occasion sacred in Irish Catholic history as memorable to the apostle who established in the Emerald Isle the faith of the Romans, and to which the Irish people still cling with a devotion only equaled by their love of country. Here the day was quietly observed, and a sprig of the shamrock, a bunch of green ribbons or the harp of Erin served to remind us of the day that will always have a place in the hearts of Irishmen and the friends of the land they are exiled from.

The services at the Cathedral this morning in honor of the great apostle of Ireland were of the usual solemnity. Vicar General Brammer celebrated the mass; Rev. T. M. O'Leary was deacon, and Rev. C. M. Romer sub-deacon. Father O'Leary preached a eulogy on St. Patrick and eloquently pictured the life of the saint as one to be followed by his disciples and worthy of honor and emulation in every clime.

Mr. Noll, the Cathedral organist, presided at the organ. Mrs. Geo. Ohneck sang a hymn to St. Patrick in excellent voice and with delightful effect.

To-night at Library Hall Bt. Rev. Bishop Dwenger will speak on the "Cromwellian Settlement in Ireland." It is needless to tell Fort Wayne people that they may expect a rare treat in the bishop's lecture. He is a close student, excellent in history beyond dispute and withal a powerful orator. He will be heard to splendid advantage.

STYLES AND LOWEST

**Fire Record.**

RALEIGH N. C., March 17.—It is now confirmed that the town of Oxford, partially destroyed by fire Thursday night, was set ablaze by negroes. The loss is $100,000.

IRONTON, Ohio, March 17.—Two stock houses of the Ætna Furnace Co., near here, burned yesterday. Loss $25,000, partly insured.

**A Bucket-Shop Man in Canada.**

DELPHI, Ind., March 27.—Jacob C. Bridge, who has had a monoply of the bucket-shop business here for several years, has skipped and is now in Canada. He was one of the most prominent men in the county. The amount of his shortage is not known, but all his customers fall for some amount.

**Failure of a South Bend Grocer.**

LAPORTE, March 17.—Myer Sterns, a South Bend grocer, confessed judgment in the St. Joseph county circuit court yesterday in the sum of $4,500 in favor of Tobias Selig and Moses Sterns and the St. Joseph county savings bank. The stock will be sold by the sheriff to meet these claims. The assets are not known.

**Stoned By Strikers.**

YOUNGSTOWN, Ohio., March 17.—Two freight trains on the Pennsylvania road were stoned by strikers last night.

About 250 section hands on the Pittsburg division of the Fort Wayne railroad struck to-day for an advance in wages. The men were receiving $1.35 and struck for $1.50.

**"Bald Knobbers."**

OZARK, Mo., March 17.—Eleven more "Bald Knobbers" have been arrested and are mostly farmers. A Baptist preacher is among them. In their latest exploit they killed two men.

**He Must Hang.**

NEW YORK, March 17.—The court today fixed Thursday the 5th of May, as the day on which Peter Smith is to be hanged for the murder of Watchman John Hannon in 1885.

**The Anarchists.**

OTTOWA, Ills., March 17.—The hearing of arguments on the motion for a new trial for the seven condemned Haymarket anarchists began this morning.

**From the Country.**

Fresh eggs and butter every day, and of the best too, and at bottom prices.

N. B.—Chickens are scarce, although you can find plenty of them at Martin's Grocery, No. 37 West Main street.

**The Weather.**

WASHINGTON, March 17.—Following are the weather indications:

Indiana, fair weather, becoming warmer.

Hi Henry's minstrel party came in this morning, and before noon made a gorgeous street parade, headed by Mr. Henry in a rich seal skin ulster, but minus his diamonds, which were exhibited at Gust Bruder's jewelry store, a la "Alvin Joslin." This afternoon they gave a very good matinee performance at the Academy and the indications are that they will have a big house to-night at the popular old play house.

Mr. John T. Doyle, a special civil service examiner from Washington, D. C., is in the city, and to-morrow with Postmaster Kaough, Otto Herbst and Joe Willard will constitute a board to conduct examinations for the government service in the county educational rooms in the court house. Thirty applicants have filed requests for examination.

Hon. Rufus MaGee, of Logansport, United States minister to Norway and Sweden, is the guest of Hon. Montgomery Hamilton. Mr. MaGee long served with distinction in the state senate and is recognized the country over as one of the leading democrats of Indiana.

**THE MARKETS.**

## RELIEF CORPS.

**The Quarrel of the Rival State Commanders Still Continues.**

Mrs. Alice Griffin, of Elkhart, whom the department encampment, G. A. R., refused to recognize as president of the State Women's Relief corps, has called a convention to meet in South Bend on the 23d inst., and she claims to be in receipt of a telegram from Mrs. Elizabeth D'Arcy Kinne, of San Francisco, promising not to recognize the convention recently held at Indianapolis, nor the officers elected and installed at that time. Per contra, Mrs. Flora Wulschner, who succeeded Mrs. Griffin by authority of the state department encampment, has issued a spirited circular to the posts throughout the state, reciting the causes which led to the setting aside of Mrs. Griffin, and praying the members of the various corps to study the situation carefully, and not hinder the harmonious conduct of the department. So far a majority of the posts throughout the state are said to have yielded allegiance to the convention held at Indianapolis, and although it is expected that Mrs. Griffin will appeal to the national encampment meeting, it is not believed that she will be successful in carrying her point.

## LOCAL NEWS.

Mr. R. J. Fisher left to-day for the the Ohio oil and gas fields to gather information about the business.

The Simpson M. E. church social will be held this evening at the residence of Mr. John Anderson, corner of DeWald and Fairfield avenue. All are cordially invited, and an enjoyable time is anticipated.

The Lillie Hall and Fannie Bloodgood Specialty companies give a grand performance at the Temple to-night. There are several very clever specialty people in the party and the critics praise their show highly.

Chief Hilbrecht gave a very successful and satisfactory test of the new Gamewell fire alarm system, yesterday afternoon, to the mayor and members of the council, who were delighted with the showing made by the chief.

Mrs. Mattie Christie, daughter of Mrs. Tom Kennedy, has filed an affidavit in France's court, charging Noble K. Reed, a young agricultural agent, with being the father of her unborn child. The case will be heard on Monday.

Bids were opened at Washington yesterday for the iron work on the Fort Wayne public building. Haugh, Ketcham & Co., of Indianapolis, bid $7,226, but were underbid by Clark & Raffen of St. Louis, whose figures were $5,269. This is for the east extension secured us by Judge Lowry.

The Woman's Foreign Missionary society of the Berry street M. E. church will hold their mite-box opening and thanks offering service this evening in the auditorium of the church. The entertainment promises to be one of unusual interest. All those having mite boxes are requested to bring them to this entertainment. Those who have enjoyed the benefits and blessings of the past year and desiring to contribute as a thank offering to this work will have the opportunity to do so. All are invited to this entertainment. A good time will be had.

Mrs. Louisa Richards, a widow, died of consumption last night, aged sixty-four years. She was the mother of Phillip, Henry and Katie Richards, and lived at No. 55 Maumee avenue. Her funeral occurs to-morrow afternoon.

Dr. Schutt is visiting his brother at Cleveland.

August Beverforden, jr., will go to Denver, Col., to-night to reside.

OFFICIAL PAPER COUNTY AND CITY.

THURSDAY, MARCH 17, 1887.

BARTHOLDI has written a letter to Senator Evarts, in which he says that the Statue of Liberty will last as long as any Egyptian monument.

CONCERNING the rumor of the approaching nuptials of Secretary Bayard and Miss Markoe, a clerk in the State Department, the Washington *Post* says: "There is neither truth nor reason in the report, which has caused a great deal of mortification to the lady and her friends, and no doubt an equal degree of annoyance to Secretary Bayard and his family."

PITTSBURGH undertakers who have lost considerable money through neglect of customers to pay their bills, are talking about a novel method of posting their debtors. They would have large placards, on which are printed detailed statements of each debt, scattered throughout the cemeteries on Decoration day and other days when the cemeteries are crowded and the placards sure to be read. They would thus hope to shame their debtors into paying up.

THE New Orleans *Christian Advocate* complains as follows: "Brethren who have not the time to write us a four-line marriage notice within the month they happen, but wait until the end of the year and then send us a bunch of them without either correct dates or names, must explain to their people that this is the reason why they are not published. The same with obituaries. We want news. In one case a couple were divorced before the notice of their marriage was received."

GERMANY has long been in quest of a new weapon, and has at last obtained one. Its official name is "M 71-84." M stands for Mauser, whose gun was adopted in 1871, but in the thirteen years that followed the model was constantly being perfected. At last, in 1884, the gun of the future was designed, and now, in 1887, it has become the weapon of the German army. It differs from the old model in several respects. The metal contains no copper in its composition, and the barrel is somewhat shorter. In the original Mauser, when a charge was fired, the soldier had to give the stock a smart stroke so as to throw out the used cartridge. In the new gun this is obtained automatically. But the chief innovation is the introduction of a reserve of cartridges into the stock of the piece, which in effect converts "M 71-84" into a revolver. These cartridges are held in a steel tube, which by the operation of a spring can be made to deliver them in succession into the breach. A fully loaded gun contains ten of these charges. For three hours a day the German troops are being drilled in the loading, handling, and discharge of these pieces. The use of the reserve cartridges is not to be permitted unless at a special word of command. It is thought better to accustom the soldiery for ordinary purposes of warfare to the ordinary method of loading the gun to which they have been so long accustomed. The reserve is for a crisis.

IN the little room which Attorney General Garland uses as his library or study, and where he receives his visitors, says a Washington correspondent, the furniture consists of a deal table, an old-fashioned rocking chair, and one or two other chairs of little value, unless the sole object be to furnish a seat for the weary sojourner which will not break down under his weight. On some plain shelving and around on the floor of the room are stored the law books of the host, this apparently being the extent of his library. A soap box contributed by the grocer serves for the storage of coal used in keeping up the fire. The Attorney General does not live thus plainly for temporary effect among his own people, but has always done so. He has repeatedly refused to don a dress coat or attend a reception of any kind. He even absented himself from the President's wedding rather than mix in anything that savored of yielding to the exactions of society. The Attorney General carries out his ideas of simplicity even in the matter of lunch. Instead of going to a swell restaurant he carries his lunch every day in a small gilded wicker basket. Recently, after a Cabinet meeting which lasted to a late hour in the afternoon, a visitor to the Department of Justice caught the Attorney General enjoying his simple meal. It was merely a shortened biscuit, the usual round shape made by good housewives, and, having been buttered when hot, was very palatable.

### It is a Curious Fact

That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite and giving a healthy to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

### A Most Remarkable Climate.

At a point where the two ranges of the Cordilleras, the eastern and western, which traverse Peru from north to south, meet, and from what is known as the junction of Pasco (el nudo de Pasco) is located the city of Cerro de Pasco, 156 miles from Lima. It is built upon honeycombed foundations and possesses a most remarkable climate by reason of its great height above the sea level. From December to March, a season which the people of the Cerro term their winter, whereas in reality it is their summer, the temperature during the day is from 12 to 13 degrees above zero, at night it falls to near zero, but the water seldom freezes.

During this season the sun appears at times, and from the purity of the atmosphere the heat caused by its rays is almost unbearable. A person may be standing partly in the sunlight and a portion of his body may be in the shade; that portion is disagreeably cold while the part exposed to the sun is uncomfortably warm. It would be difficult to find another locality where the atmospheric changes are more distinctly marked.—New York Graphic.

### Historian Bancroft's Methods of Labor.

Mr. Bancroft's methods of labor are peculiar. He has had his historical data in the vaults of a safe deposit company in Washington for years. When he intends to write he sends for whatever notes or manuscripts he needs—and he has copies of all the archives of the United States and several foreign countres, gathered at an immense cost of money and labor—and devotes himself to study until he has every fact fixed in his mind, with the relating circumstances. Then he calls in his stenographer and dictates to him at length, constantly walking up and down his room as he does so, generally with his hands under his coat tails, or leaning back in his easy chair with a long German pipe in his mouth. After the notes are written out Mr. Bancroft devotes himself to the work of condensing and refining them, often reducing five or six pages into one. The result is then copied and laid away, often for years, until the subject or the epoch of which he is treating is complete. Then he takes the manuscript, goes over it again in the same manner, leaving scarcely a line as it originally stood, but rewriting the whole. —New York Commercial Advertiser.

### French and English Cookery.

The difference between French and English cookery lies chiefly—so far as meat is concerned—in the attitude of the cook regarding the inherent flavor and aroma of the viand. The French are greatly addicted to the habit of disguising the natural flavor of meats with adventitious sauces, the reason being that French meat is often deficient in natural flavor. In England, on the other hand, where the 5-year-old mutton and other kinds of meat have a more agreeable and richer flavor of their own, the chef best shows his skill by preserving this flavor, which, after all, is more inviting and appetizing than any sauce ever invented by a culinary genius. The French cook "is too often tempted to extend his art to dark fleshed game, and, seeking to adorn it with new flavors, destroys the original savor and aroma, in which consists the value of the dish.—New York Post

### The Soil of Nevada.

The soil of Nevada, which was thought to be, as a general thing, arid and incapable of cultivation, is found to be remarkably well adapted, with the assistance of irrigation—and in some instances without it—for the raising of all sorts of crops that are produced elsewhere under the same climatical conditions.—New Orleans Times Democrat.

There is something wrong in the system when idleness is burdened with wealth and industry with famine.—Col. Bob Ingersoll.

### Fifteen Big Cheeses.

A cheese factory at East Aurora, N. Y., is filling an order from Glasgow, Scotland, for fifteen cheeses, to weigh 3,500 to 4,000 pounds each. With the order came a package of British gold coin, sovereigns, which are put into the curd of each cheese when making, and will become the property of those who buy the portion where they are imbedded. It requires the morning and evening milk of 3,000 cows to make one of these cheeses.—Chicago Times.

**From the Antipodes.** A recent letter from the Sandwich Islands says that Ponds Extract is a favorite remedy there for all kinds of Pains, Inflammation, and Hemorrhage, but especially for curing Wounds, Bites, and Stings of insects with which their country abounds. They get the genuine Pond's Extract there, too, as the imitators have not followed that far with their spurious stuff.

William Vice, the young man charged, with two others, with wrecking a Pan Handle train near Windfall last June, killing the fireman and seriously injurjuring several others, was found guilty and sentenced to five years in the penitentiary.

A MEDICINE, NOT A DRINK! High Authority.

Hop Bitters is not, in any sense, an alcoholic beverage or liquor, and could not be sold, for use, except to persons desirous of obtaining medicinal bitters. GREEN B. RAUM, U. S. Com'r Internal Rev.

WASHINGTON, D. C., Sept. 24, 1884. Dear Sir—Why don't you get a certificate from Col. W. H. W., of Baltimore, showing how he cured himself of drunkenness by the help of Hop Bitters. His is a wonderful case. He is well known in Rochester, N. Y., by all the drinking people there. He is known in this city, Cincinnati, New Orleans, New York; in fact all over the country, as he has spent thousands of dollars for rum. I honestly believe his card would be worth thousands of dollars to you in this city and Baltimore alone, and make thousands of sober men by inducing the use of your bitters. J. A. W.

Prejudice Kills

"Eleven years our daughter suffered on a bed of misery under the care of several of the best physicians, who gave her disease various names but no relief, and now she is restored to us in good health by Hop Bitters, that we had pooched at two years before using it. We earnestly hope and pray that no one else will let their sick suffer as we did, on account of prejudice against so good a medicine as Hop Bitters."—*The Parents—Good Templars,*

MILTON, Del., Feb. 10, 1886. Having used Hop Bitters, the noted remedy for debility, nervousness indigestion, etc., I have no hesitation in saying that it is indeed an excellent medicine and recommend it to any one as a truly tonic bitters. Respectfully, REV MRS. J. H. ELLGOOD.

SCIPIO, M. Y., Dec. 1, 1884. I am the pastor of the Bubtist church here and an educated physican. I am not in practice, but am my sole family physician, and advise in chronic cases. Over a year ago I recommended your Hop bitters to my invalid wife, who has been under medical treatment of Albany's best physicians several years. She has been greatly benefitted and still uses the medicine. I believe she will become thoroughly cured of her various complicated diseases by their use. We both recommend them to our friends, many of whom have also been cured of their various ailments by them. REV. E. R. WARREN.

Cured of Drinking.

"A young friend of mine was cured of an insatiable thirst for liquor that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; mad his nerves steady; and he has remained a steady and sober man for more than two years, and has no desire to return to his cups, and I know of a number of others that have been cured of drinking by it."—From a leading R. R. Official, Chicago, Ill.

## LOCAL NEWS.

Mr. W. L. Carnahan was at Lafayette yesterday.

Mr. C. S. Hazlewood, of Chicago, is the guest of ex-Sheriff Cosgrove.

Dr. J. S. Virgil has sufficiently recovered to be up and about his sick room.

Hon. T. P. Keator is preparing an elaborate article on the gas interests of Portland.

The will of the late John McNally was filed yesterday. He leaves his property to his wife.

Mr. James C. Peltier is in New York city, and his plans include a tour into New England.

Judge Brackenridge and Mr. J. R. Carey were at Valparaiso on legal business yesterday.

Kendrick & Shrimpton are the architects of a new Catholic school and hall at Delphos, Ohio.

Nineteen years ago last night Fort Wayne was visited by the memorable St. Patrick's tornado.

Chancellor J. F. Lang left to-day for Union City, Ind., and this evening will deliver a lecture at the Catholic church.

Mr. George T. Williams, of Cleveland, superintendent of the Baltimore and Ohio Telegraph company's Nickel Plate system was at the Aveline house last night.

Mr. Geo. Gordon has a steam hatchery in operation at his chicken yards out in Mechanicsburg and next Sunday he expects to have the shells liberate a hundred chicks.

The Morton club gives another of its weekly receptions to-night. Liveried doorkeepers inspect the credentials of visitors who present themselves to bask in oriental luxurience.

Engineer Wm. H. Gates, of the Fort Wayne road, was agreeably surprised by a party of friends at his home last night. The visitors were royally entertained.

The Wabash detectives are hot on the track of the miscreants who attempted to bloy up an engine on that road the other night by placing a three pound sack of blasting powder in the coal tank.

In 1886 the Wabash gave out 27,776 trip passes, of which 25,000 are estimated to have been of the class now subject to legal prohibition. Estimated at $10 apiece these passes represent a value of $150,000.

It is said to be the purpose of the Wabash directory to secure the Chicago division in the near future, and ultimately the system east of the Mississippi river, as it stood when Judge Gresham separated them.

Last night the telegraph operators at Richmond, Ind., wired here the startling news that President Cleveland dropped dead at the white house. They were questioned as to the origin of the idle rumor and replied that it came from Cincinnati.

The inter-state commerce bill does not abolish passes within the limits of a state, although the majority of the roads will withdraw them entirely. It is predicted by the railroaders themselves that passes within a state will be issued by all roads not long after the bill goes into effect. It will be caused by competition between the lines.

Mr. R. F. Kinnard must have had a great time at the session of general passengers agents at Washington. The delegates, accompanied by their ladies, called at the white house, and were introduced to President Cleveland. The remainder of the afternoon was spent in looking through the departments. The party was photographed while standing in a group on the steps of the navy department.

The session of the northern Indiana superintendents and teachers which convenes at South Bend, beginning this evening and lasting until Saturday afternoon, promises to be the most largely attended and interesting session yet held. There will be two splendid free lectures by Dr. David Jordan, president of the state university, and by Prof. John M. Coulter, of Wabash college, both in the evening, and a day lecture by State Superintendent LaFollette, as well as many other interesting exercises.

In a recent interview Hon. A. P. Edgerton is credited with saying: "I do not believe in investigating the appointments made in postoffice or other public places. After the candidates have complied with the requirements of the law what difference does it make whether a number of democrats are fortunate enough to get office and a few dissatisfied republicans are left out in the distribution? For this reason I declined to be a party to the tomfoolery of going over to Philadelphia to learn why, out of 184 appointments made under the new regime, only two happened to be republicans. All that is needed, in my opinion, is to have good, efficient clerks, without any reference to the cry of rabid partisans."

## INDIANA NEWS.

**Late Notes of Interest From Various Points in Hoosierdom.**

The Huntington gas well is down 1,000 feet already.

The Warsaw fair ground has passed into the hands of the principal stockholders and will be laid off into lots and offered for sale.

Lagrange county is about to vote upon the question of taxing the county to the amount of $100,000 to build the Orland extension of the Grand Rapids road.

Professor LaFollette took charge of the office of superintendent of public instruction Tuesday. He observed the event by entertaining the state officers and a few friends at dinner at the Grand hotel. David M. Geeting, of New Albany, is the professor's principal assistant.

The Isaac Walton and Mishawaka fishing club are in correspondence with the state fish commissioner to secure an appointment for St. Joseph county and for this county of a fish constable with power to look after the violators of the law against seining and trapping fish and killing of them by dynamite.

A suit that has excited a great deal of interest as establishing a precedent, has been decided in the Elkhart circuit court, namely the case of H. C. Dadge, a lawyer of that city, vs. the Midland Telephone company, for repeated infractions of the law, although but one infraction was adjudged. He was given a verdict of $100.

A natural gas explosion took place yesterday at 9 o'clock in the city high school building at Kokomo, knocking down the stoves and stove-piping, and causing a lively panic among 800 school children. Fortunately, no one wae seriously hurt. The cause of the explosion was owing to the insecure fittings of the pipes in the building.

Judge LaRue, of the superior court, has issued an order that the Lafayette *Journal* property be sold at public auction to the highest bidder on Saturday, April 2. The receivers will continue the publication of the paper until that time. They yesterday dismissed the non-union printers, who have been employed on the paper for several days past, and union printers went to work again last night.

The new gas well opened at Marion last Saturday evening promises to develop into a gennine wonder. Yesterday the drill was let down and the well was sunk a foot deeper. When the drill was withdrawn a volley of pebbles and pulverized Trenton rock was thrown nearly a hundred feet high. A two-inch pipe was attached and the current was ignited. The flame leaped up forty feet, and burned without smoke or odor.

The Anderson *Democrat*, the organ of the democracy of Madison county, was purchased yesterday by ex-Secratary of state Myers, who takes possession after the issue of the paper next Friday. Colonel J. B. Maynard, of Indianapolis, will become editor, while Captain Myers will look after the business of the office. The consideration includes $1,400 in cash and a couple of pieces of city property owned by Mr. Myers, in all about $4,000.

The state officers were in consultation with the governor to-day over the state's financial embarrassment and proposed measures to relieve it, but no definite conclusion was reached. Under the existing law the governor is only authorized to borrow money to pay interest on the state's debt, and this interest for the current year will amount to about $300,000, for which the governor will probably authorize a loan. This will not relieve the general embarrassment in the treasury, however.

Representatives of the Grand Army post composing the soldiers' association of Grant, Madison, Delaware and Blackford counties, met at Marion, yesterday, to perfect arrangements for a reunion and encampment to be held next summer. It was decided to hold the encampment at the fair grounds at Marion, Tuesday, Wednesday and Thursday, commencing August 2. The program will include processions, parades, and a great sham battle on the closing day. Major George Steel was chosen encampment commander.

Robert McKee, of Union City, was tried at Winchester last week for perpetrating the Bohemian oats swindle. The trial was one of the most exciting and hotly contested ever held in the above place, able counsel for both sides being employed. The jury brought in a verdict against McKee, fixing his punishment at two years in the penitentiary, and imposing a fine of $25. McKee was a prominent business man of Union City, and served the people as township trustee for several years. This is the first conviction, we believe, in this state.

James J. H. Gregory, the well known seedsman and florist, of Marblehead, Mass., learning through the papers that a minister in South Bend supported a family of seven persons and paid railroad fare to Laporte once every two weeks, on a salary of $203, wrote to ascertain his name, and finding that it was Rev. George W. Brown, of the African M. E. church, sent him a letter containing $10 and an invitation to select any garden or flower seeds in the Gregory catalogue and they would be sent gratis.

The complaint in a suit for $25,000 in a case involving the fogery of a name to one note for $15,000 and another for $1,500 was filed in the Wabash circuit court to-day. The plaintiffs are Mrs. Olive Woodrum and Mrs. Emma Canaday, of Roanoke county, Virginia, only children of Jacob Christman, a rich farmer, who died in this county eleven years ago. The complaint declares that Sarah Christman, a sister, Peter and Louis Christman brothers of Jacob, forged the name of Jacob to the notes after his demise, and realized on them, by which transaction the daughters were left penniless.

The peculiar purifying and building up powers of Hood's Sarsaparila, make it the very best medicine to take at this season.

One pound package Gloss Starch, 8c.
Corn Starch, 8c per package.
At the Star Grocery.

The large double barn of Rol Butler, of Dublin, one of the largest in that part of the country, was burned yesterday morning, with considerable corn, hay and other property. It is supposed to have been the work of tramps or other incendiaries. Loss, $1,000 to $2,000.

**A CARD.**

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York City.*

The directors of the Shelbyville natural gas, oil and water company held a meeting Saturday and decided to abandon further work at the present well, as it was evident neither gas nor oil would be obtained. It was also agreed to drill another well at a distance of about one mile southeast of well No. 1.

I have been afflicted with an affection of the throat from childhood, caused by diphtheria, and have used various remedies, but have never found anything equal to Brown's Bronchial Troches.—Rev. G. M. F. Hampton, Ky. Sold only in boxes.

On Saturday morning, near Mulberry, a farmer named Samuel Moore, was found beside the track of the Lake Erie and Western railway. He had been run over. One leg was cut off and the other mashed and it is supposed he lay beside the track all night. He was speechless when found.

**We Caution All Against Them.**

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in the head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in the highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price, 50 cents.

## THE CITY NEWS.

Will Pyke was the first to introduce new strawberries here this year.

Hon. J. W. Adair, of Columbia City, who was seriously ill, will soon be out again.

The Huntington authorities will not permit Wabash trains to stop on street crossings hereafter.

Dr. J. W. McHenry, who represented this county in the legislature, has removed from Maples, this county, to Larwill, Whitley county.

The Columbia City *Post* says: "County Clerk Long, and City Clerk Rockhill were among the Knights from Fort Wayne, who attended the funeral of Hon. Wm. Carr.

The North Indiana M. E. conference will meet at Marion, Grant county, on the 7th of April. The Methodist members are all preparing their conference reports for the occasion.

The late Hon. Wm. Carr, of Columbia City, had his life insured for $2,500 in the Masonic Mutual and made a will leaving all his property to his widow, excepting the insurance which he bequeathed to his two daughters.

Capt. J. B. White and Judge L. M. Ninde were at Richmond yesterday, where Hon. Isaac Jenkinson testified as to the issuance of naturalization papers to Captain White. Judge Lowry was present when the depositions were taken and returned home last night.

Yesterday Deputy United States Marshal Jas. Wilkinson went to Huntington and placed under arrest for the violation of the liquor laws, J. W. Jacoby, who keeps a saloon near the Chicago and Atlantic road. He was brought to this city to answer the charge and is having a hearing before Commissioner Harper.

The attention of our readers is called to the announcement of Sam, Pete & Max. It certainly is a most liberal mercantile enterprise, in which the entire community is interested. As usual, this well known firm is first in the field with an enormous stock of spring and summer clothing, gents' furnishings, etc., at anti-boom prices. 15-daw

The *Gazette* this morning incorrectly quotes Colonel Robertson as seeking some credit for the passage of the feeble minded institute bill through the state senate. Colonel Robertson could in no way assist the measure in the senate, nor did he so state. He urged his republican friends to support the bill in the house, and without their votes it could not pass. This is all the colonel claimed.

Frank E. Reynolds was at Indianapolis yesterday.

M. E. Hardendorf, of Rome City, expects to move to Fort Wayne soon.

The quarterly report of the Wabash receivers, Tutt and Humphreys, has been filed in the United States circuit court. Receipts, $3,845,267; disbursements, $4,015,980; balance on hand February 28, $100,708.

Will King, chief clerk of F. P. Wade, district passenger agent of the Wabash west of the river, has resigned to accept a position in the office of General Passenger Agent Snow, of the Wabash lines east of the river.

A Rome City correspondent says: "A brakeman on the Grand Rapids and Indiana broke or fractured several of his ribs here last Saturday night. He attempted to board the train, but in some manner the train gave a sudden start throwing him against the car in such a manner as to produce the above results.

Conductors report that the holders of passes, which will be void after the taking effect of the new law, still show a determination to get all the good out of them they well can. Said one of the conductors on a train which run into the city yesterday: "I had eighty-four passengers on my train, and thirty-two of them were traveling on passes."

A Roanoke correspondent writes: "Harry Olmstead, of Fort Wayne, came down Saturday and spent Sunday with the family of his mother, on First street.—The remains of William Beck, who resides on the Fort Wayne road, were brought here last Sunday and buried in the south cemetery.—A message received here Sunday by Mrs. W. W. Walton announced a fatal accident which befell her brother, John Gallagher, who was employed on the 'Nypano' railroad. The remains were brought from Marion, Ohio, and interred at Fort Wayne, Tuesday."

The state fish law reads: "Whoever shall take any fish with a gig or spear during the months of March, April, May, November or December of any year; or shall take any fish with a net, seine, gun, or trap of any kind, or set net, weir or pot in any of the lakes, ponds, rivers or small streams of this state, shall be fined not more than twenty-five dollars nor less than five dollars for each fish so taken. But the provisions of this section shall not apply to legitimate fishing with hook, line and pole, or to persons catching small minnows for bait with a seine not over fifteen feet in length."

In the presence of the family the will of the late Dr. Carl Schmitz was opened last evening, disposing of an estate probably worth $200,000. In the first clause of the will all the property, real and personal and of whatever nature is left to his wife wife full power to sell and convey in such manner as she may deem best. The second clause divides what may remain at her death, share and share alike, between the three heirs, Mrs. A. Biewend, Mrs. Douglass, daughters of the testator, and Master Charles A. Schmitz, his grandson. The third clause provides that in the event of either of his heirs dying without issue, his or her share of the property that may remain upon the death of the widow shall go to the other two heirs to be equally shared by them. The fourth clause nominates and appoints Charles McCulloch, president of the Hamilton bank, executor.

## BUILDING FUNDS.

**The Law Governing Their Taxation and What is Required.**

The new law governing the taxation of building and loan stock will interest the numerous associations and stockholders in Fort Wayne. It reads as follows: "That on or before the first day of June of each year the secretary of every building, loan and savings association shall file with the auditor of the county in which such association was organized a duplicate statement, verified by such secretary, showing the amount paid into said association by shareholders upon shares of stock issued by it up to the first day of April preceding, and then outstanding; and also the amount loaned up to said date to shareholders and secured by mortgage upon real estate. And such auditor shall deliver said statement to the proper assessor, who shall proceed to assess said association for taxation with the amount shown to have been paid into said association up to said first day of April upon outstanding shares of stock, less the amount shown by the statement to have been loaned to shareholders upon such mortgage security."

The nineteenth century has provided the greatest Roman of them all, Salvation Oil. It kills pain.

Amusements.—Theatre goers are very liable to contract a very severe cough or cold. A safe and reliable cure is Dr. Bull's Cough Syrup. Price 25 cts.

**The Automatic Exposition.**

This wonderful entertainment continues to amuse, instruct and astonish visitors day and evening at 27 Calhoun street. The children are greatly benefited, adults are furnished food for reflection and all classes are deeply interested in the novel and exceedingly ingenious movements of workmen and the operations of complex machinery. It will remain a few days longer. Ladies should make their visits in the day time. There are large crowds in the evening.

THE FINEST AND BEST

## DURING MASS

**A Church Platform Gives Way and Many People are Injured.**

CHICAGO, March 17.—A panic occurred at the Roman Catholic church of St. Mary's this morning. The church was completely crowded and outside on the steps was a vast crowd unable to gain admittance.

All at once there was a sharp crack followed by a grinding crash, and fully 200 hundred men, women and children were precipitated fully ten feet, the platform having given way.

Twenty-three persons received injuries. Mrs. Kern, an aged lady, had her back broken and H. O'Connor both legs broken.

## A BULL FIGHT.

**Fifty Thousand People Attack a Mexican Pit and Force the Bulls and Fighters Into Battle.**

SAN HARFFEL, Mexico, March 17.—A bull fight took place here yesterday in the presence of fully 50,000 people, none of whom had paid less than $5 for a seat or standing room. The bulls refused to fight, and finally the spectators burst into the ring and made an indiscriminate attack upon the bulls and the fighters with chairs and other convenient missiles.

Troops were called upon to suppress the riot and several times were compelled to charge the crowd with drawn sabres before the maddened people would desist from their attack upon the bull fighters. The people resisted the soldiers and a large number of the former were more ore less wounded while the latter were arrested.

## ITS ENGLISH.

**St. Patrick's Day Observed by Britons As It Was Never Before.**

LONDON, March 17.—A feature of the observance of St. Patrick's day in England was the appearance of many Englishmen wearing shamrocks.

A sleet and snowstorm stopped all out door demonstrations in honor of the day in Dublin, and the drooping of the colors, usually one of the events of the celebration of St. Patrick's day there, did not take place.

It is feared that riots will ensue from the celebration of the day at Iurgan, county Armagah. Two hundred extra police patrolman have been added to the regular force.

ST. PETERSBURG, March 17.—The plot to assassinate the czar, which was to have been carried out last Sunday, was arranged by members of the Terrorist section of the Nihilists. Several hundred of the constitutionalists are under arrest.

ROME, March 17.—At a consistory the new cardinals were hatted. The pope also procovised the new archbishop of India.

**He Was a Good One.**

NEW YORK, March 17.—The sheriff has seized the place of business of Walter E. Lawton, 31 Broadway. He is in Canada and did business under the firm name of Lawton Bros., as fertilizers. He defrauded banks and creditors to the amount of $100,000.

## ST. PATRICK.

**How His Memory is Revered by the Irish Americans of Fort Wayne.**

This is St. Patrick's day, an occasion sacred in Irish Catholic history as memorable to the apostle who established in the Emerald Isle the faith of the Romans, and to which the Irish people still cling with a devotion only equaled by their love of country. Here the day was quietly observed, and a sprig of the shamrock, a bunch of green ribbons or the harp of Erin served to remind us of the day that will always have a place in the hearts of Irishmen and the friends of the land they are exiled from.

The services at the Cathedral this morning in honor of the great apostle of Ireland were of the usual solemnity. Vicar General Brammer celebrated the mass; Rev. T. M. O'Leary was deacon, and Rev. C. M. Romer sub-deacon, Father O'Leary preached a eulogy on St. Patrick and eloquently pictured the life of the saint as one to be followed by his disciples and worthy of honor and emulation in every clime.

Mr. Noll, the Cathedral organist, presided at the organ. Mrs. Geo. Olmeck sang a hymn to St. Patrick in excellent voice and with delightful effect.

To-night at Library Hall Rt. Rev. Bishop Dwenger will speak on the "Cromwellian Settlement in Ireland." It is needless to tell Fort Wayne people that they may expect a rare treat in the bishop's lecture. He is a close student, excellent in history beyond dispute and withal a powerful orator. He will be heard to splendid advantage.

STYLES AND LOWEST

**Fire Record.**

RALEIGH N. C., March 17.—It is now confirmed that the town of Oxford, partially destroyed by fire Thursday night, was not ablaze by negroes. The loss is $100,000.

IRONTON, Ohio, March 17.—Two stock houses of the Etna Furnace Co., near here, burned yesterday. Loss $25,000, partly insured.

**A Bucket-Shop Man in Canada.**

DELPHI, Ind., March 27.—Jacob C. Bridge, who has had a monopoly of the bucket-shop business here for several years, has skipped and is now in Canada. He was one of the most prominent men in the county. The amount of his shortage is not known, but all his customers fall for some amount.

**Failure of a South Bend Grocer.**

LAPORTE, March 17.—Myer Sterns, a South Bend grocer, confessed judgment in the St. Joseph county circuit court yesterday in the sum of $4,500 in favor of Tobias Selig and Moses Sterns and the St. Joseph county savings bank. The stock will be sold by the sheriff to meet these claims. The assets are not known.

**Stoned By Strikers.**

YOUNGSTOWN, Ohio., March 17.—Two freight trains on the Pennsylvania road were stoned by strikers last night.

About 250 section hands on the Pittsburg division of the Fort Wayne railroad struck to-day for an advance in wages. The men were receiving $1.35 and struck for $1.50.

**"Bald Knobbers."**

OZARK, Mo., March 17.—Eleven more "Bald Knobbers" have been arrested and are mostly farmers. A Baptist preacher is among them. In their latest exploit they killed two men.

**He Must Hang.**

NEW YORK, March 17. The court today fixed Thursday the 5th of May, as the day on which Peter Smith is to be hanged for the murder of Watchman John Hannon in 1885.

**The Anarchists.**

OTTOWA, Ills., March 17.—The hearing of arguments on the motion for a new trial for the seven condemned Haymarket anarchists began this morning.

**From the Country.**

Fresh eggs and butter every day, and of the best too, and at bottom prices.

N. B.—Chickens are scarce, although you can find plenty of them at Martin's Grocery, No. 37 West Main street.

**The Weather.**

WASHINGTON, March 17.—Following are the weather indications:

Indiana, fair weather, becoming warmer.

Hi Henry's minstrel party came in this morning, and before noon made a gorgeous street parade, headed by Mr. Henry in a rich seal skin ulster, lint minus his diamonds, which were exhibited at Gust Bruder's jewelry store, a la "Alvin Joslin." This afternoon they gave a very good matinee performance at the Academy and the indications are that they will have a big house to-night at the popular old play house.

Mr. John T. Doyle, a special civil service examiner from Washington, D. C., is in the city, and to-morrow with Postmaster Keough, Otto Herbst and Joe Willard will constitute a board to conduct examinations for the government service in the county educational rooms in the court house. Thirty applicants have filed requests for examination.

Hon. Rufus MaGee, of Logansport, United States minister to Norway and Sweden, is the guest of Hon. Montgomery Hamilton. Mr. MaGee long served with distinction in the state senate and is recognized the country over as one of the leading democrats of Indiana.

**THE MARKETS.**

CHICAGO, March 17.—Wheat closed steady, at 75½@78½c. Corn, steady, at 34½@36⅝c. Oats, steady, at 23½c. Rye, 45½c. Barley, 69½c. Flaxseed, $1.074. Prime timothy, $1.86@1 87. Whisky, $1.18. Pork, steady, at $320.10. Lard, easier, at $7.35.

**The Quarrel of the Rival State Commanders Still Continues.**

Mrs. Alice Griffin, of Elkhart, whom the department encampment, G. A. R., refused to recognize as president of the State Women's Relief corps, has called a convention to meet in South Bend on the 23d inst., and she claims to be in receipt of a telegram from Mrs. Elizabeth D'Arcy Kinne, of San Francisco, promising not to recognize the convention recently held at Indianapolis, nor the officers elected and installed at that time. Per contra, Mrs. Flora Walschner, who succeeded Mrs. Griffin by authority of the state department encampment, has issued a spirited circular to the posts throughout the state, reciting the causes which led to the setting aside of Mrs. Griffin, and praying the members of the various corps to study the situation carefully, and not hinder the harmonious conduct of the department. So far a majority of the posts throughout the state are said to have yielded allegiance to the convention held at Indianapolis, and although it is expected that Mrs. Griffin will appeal to the national encampment meeting, it is not believed that she will be successful in carrying her point.

OFFICIAL PAPER COUNTY AND CITY.

THURSDAY, MARCH 17, 1887.

BARTHOLDI has written a letter to Senator Evarts, in which he says that the Statue of Liberty will last as long as any Egyptian monument.

CONCERNING the rumor of the approaching nuptials of Secretary Bayard and Miss Markoe, a clerk in the State Department, the Washington *Post* says: "There is neither truth nor reason in the report, which has caused a great deal of mortification to the lady and her friends, and no doubt an equal degree of annoyance to Secretary Bayard and his family."

PITTSBURGH undertakers who have lost considerable money through neglect of customers to pay their bills, are talking about a novel method of posting their debtors. They would have large placards, on which are printed detailed statements of each debt, scattered throughout the cemeteries on Decoration day and other days when the cemeteries are crowded and the placards sure to be read. They would thus hope to shame their debtors into paying up.

THE New Orleans *Christian Advocate* complains as follows: "Brethren who have not the time to write us a four-line marriage notice within the month they happen, but wait until the end of the year and then send us a bunch of them without either correct dates or names, must explain to their people that this is the reason why they are not published. The same with obituaries. We want news. In one case a couple were divorced before the notice of their marriage was received."

GERMANY has long been in quest of a new weapon, and has at last obtained one. Its official name is "M 71-84." M stands for Mauser, whose gun was adopted in 1871, but in the thirteen years that followed the model was constantly being perfected. At last, in 1884, the 'gun of the future was designed, and now, in 1887, it has become the weapon of the German army. It differs from the old model in several respects. The metal contains no copper in its composition, and the barrel is somewhat shorter. In the original Mauser, when a charge was fired, the soldier had to give the stock a smart stroke so as to throw out the used cartridge. In the new gun this is obtained automatically. But the chief innovation is the introduction of a reserve of cartridges into the stock of the piece, which in effect converts "M 71-84" into a revolver. These cartridges are held in a steel tube, which by the operation of a spring can be made to deliver them in succession into the breach. A fully loaded gun contains ten of these charges. For three hours a day the German troops are being drilled in the loading, handling, and discharge of these pieces. The use of the reserve cartridges is not to be permitted unless at a special word of command. It is thought better to accustom the soldiery for ordinary purposes of warfare to the ordinary method of loading the gun to which they have been so long accustomed. The reserve is for a crisis.

IS the little room which Attorney General Garland uses as his library or study, and where he receives his visitors, says a Washington correspondent, the furniture consists of a deal table, an old-fashioned rocking chair, and one or two other chairs of little value, unless the sole object be to furnish a seat for the weary sojourner which will not break down under his weight. On some plain shelving and around on the floor of the room are stored the law books of the host, this apparently being the extent of his library. A soap box contributed by the grocer serves for the storage of coal used in keeping up the fire. The Attorney General does not live thus plainly for temporary effect among his own people, but has always done so. He has repeatedly refused to don a dress coat or attend a reception of any kind. He even absented himself from the President's wedding rather than mix in anything that savored of yielding to the exactions of society. The Attorney General carries out his ideas of simplicity even in the matter of lunch. Instead of going to a swell restaurant he carries his lunch every day in a small gilded wicker basket. Recently, after a Cabinet meeting which lasted to a late hour in the afternoon, a visitor to the Department of Justice caught the Attorney General enjoying his simple meal. It was merely a shortened biscuit, the usual round shape made by good housewives, and, having been buttered when hot, was very palatable.

### It Is a Curious Fact

That the body is now more susceptible to benefit from medicine tan at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite and giving a healthy to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

### A Most Remarkable Climate.

At a point where the two ranges of the Cordilleras, the eastern and western, which traverse Peru from north to south, meet, and from what is known as the junction of Pasco (el nudo de Pasco) is located the city of Cerro de Pasco, 156 miles from Lima. It is built upon honeycombed foundations and possesses a most remarkable climate by reason of its great height above the sea level. From December to March, a season which the people of the Cerro term their winter, whereas in reality it is their summer, the temperature during the day is from 12 to 13 degrees above zero, at night it falls to near zero, but the water seldom freezes.

During this season the sun appears at times, and from the purity of the atmosphere the heat caused by its rays is almost unbearable. A person may be standing partly in the sunlight and a portion of his body may be in the shade; that portion is disagreeably cold while the part exposed to the sun is uncomfortably warm. It would be difficult to find another locality where the atmospheric changes are more distinctly marked.—New York Graphic.

### Historian Bancroft's Methods of Labor.

Mr. Bancroft's methods of labor are peculiar. He has had his historical data in the vaults of a safe deposit company in Washington for years. When he intends to write he sends for whatever notes or manuscripts he needs—and he has copies of all the archives of the United States and several foreign countries, gathered at an immense cost of money and labor—and devotes himself to study until he has every fact fixed in his mind, with the relating circumstances. Then he calls in his stenographer and dictates to him at length, constantly walking up and down his room as he does so, generally with his hands under his coat tails, or leaning back in his easy chair with a long German pipe in his mouth. After the notes are written out Mr. Bancroft devotes himself to the work of condensing and refining them, often reducing five or six pages into one. The result is then copied and laid away, often for years, until the subject or the epoch of which he is treating is complete. Then he takes the manuscript, goes over it again in the same manner, leaving scarcely a line as it originally stood, but rewriting the whole. —New York Commercial Advertiser.

### French and English Cookery.

The difference between French and English cookery lies chiefly—so far as meat is concerned—in the attitude of the cook regarding the inherent flavor and aroma of the viand. The French are greatly addicted to the habit of disguising the natural flavor of meats with adventitious sauces, the reason being that French meat is often deficient in natural flavor. In England, on the other hand, where the 5-year-old mutton and other kinds of meat have a more agreeable and richer flavor of their own, the chef best shows his skill by preserving this flavor, which, after all, is more inviting and appetizing than any sauce ever invented by a culinary genius. The French cook "is too often tempted to exhibit his art to the fleshed canine, and, seeking to adorn it with new flavors, destroys the original savor and aroma, in which consists the value of the dish.—New York *Post*.

### The Soil of Nevada.

The soil of Nevada, which was thought to be, as a general thing, arid and incapable of cultivation, is found to be remarkably well adapted, with the assistance of irrigation, and in some instances without it—for the raising of all sorts of crops that are produced elsewhere under the same climatical conditions.—New Orleans Times Democrat.

There is something wrong in the system when idleness is burdened with wealth and industry with famine.—Col. Bob Ingersoll.

### Fifteen Big Cheeses.

A cheese factory at East Aurora, N. Y., is filling an order from Glasgow, Scotland, for fifteen cheeses, to weigh 3,600 to 4,000 pounds each. With the order came a package of British gold coin, sovereigns, which are put into the curd of each cheese when making, and will become the property of those who buy the portion where they are imbedded. It requires the morning and evening milk of 3,000 cows to make one of these cheeses. Chicago Times.

**From the Antipodes.** A recent letter from the Sandwich Islands says that Ponds Extract is a favorite remedy there for all kinds of Pains, Inflammation, and Hemorrhage, but especially for curing Wounds, Bites, and Stings of insects with which their country abounds. They get the genuine Pond's Extract there, too, as the imitators have not followed that far with their spurious stuff.

William Vice, the young man charged, with two others, with wrecking a Pan Handle train near Windfall last June, killing the fireman and seriously injurjuring several others, was found guilty and sentenced to five years in the penitentiary.

**For Scrofula, Impoverished Blood and General Debility,** Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites, has no equal in the whole realm of Medicine. A MEDICINE, NOT A DRINK!

High Authority.

Hop Bitters is not, in any sense, an alcoholic beverage or liquor, and could not be sold, for use, except to persons desirous of obtaining medicinal bitters.

GREEN B. RAUM, U. S. Com'r Internal Rev.

WASHINGTON, D. C., Sept. 24, 1884.

Dear Sir—Why don't you get a certificate from Col. W. H. W., of Baltimore, showing how he cured himself of drunkenness by the help of Hop Bitters. His is a wonderful case. He is well known in Rochester, N. Y., by all the drinking people there. He is known in this city, Cincinnati, New Orleans, New York; in fact all over the country, as he has spent thousands of dollars for rum. I honestly believe his card would be worth thousands of dollars to you in this city and Baltimore alone, and make thousands of sober men by inducing the use of your bitters.

J. A. W.

Prejudice Kills

"Eleven years our daughter suffered on a bed of misery under the care of several of the best physicians, who gave her disease various names but no relief, and now she is restored to us in good health by Hop Bitters, that we had poohed at two years before using it. We earnestly hope and pray that no one else will let their sick suffer as we did, on account of prejudice against so good a medicine as Hop Bitters."—*The Parents—Good Templars.*

MILTON, Del., Feb. 10, 1886.

Having used Hop Bitters, the noted remedy for debility, nervousness indigestion, etc., I have no hesitation in saying that it is indeed an excellent medicine and recommend it to any one as a truly tonic bitters.' Respectfully,

REV MRS. J. H. ELLGOOD.

SORRTO., M. Y., Dec. 1, 1884.

I am the pastor of the Bubtist church here and an educated physician. I am not in practice, but am my sole family physician, and advise in chronic cases. Over a year ago I recommended your Hop bitlers to my invalid wife, who has been under medical treatment of Albany's best physicians several years. She has been greatly benefitted and still uses the medicine. I believe she will become thoroughly cured of her various complicated diseases by their use. We both recommend them to our friends, many of whom have also been cured of their various ailments by them.

REV. E. E. WARREN.

Cured of Drinking.

"A young friend of mine was cured of an insatiable thirst for liquor that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; mad his nerves steady; and he has remained a steady and sober man for more than two years, and has no desire to return to his cups, and I know of a number of others that have been cured of drinking by it."—From a leading R. R. Official, Chicago, Ill.

EPPS'S COCOA BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame." —Civil Service Gazette.

## LOCAL NEWS.

Mr. W. L. Carnahan was at Lafayette yesterday.

Mr. C. S. Hazlewood, of Chicago, is the guest of ex-Sheriff Cosgrove.

Dr. J. S. Virgil has sufficiently recovered to be up and about his sick room.

Hon. T. P. Keator is preparing an elaborate article on the gas interests of Portland.

The will of the late John McNally was filed yesterday. He leaves his property to his wife.

Mr. James C. Peltier is in New York city, and his plans include a tour into New England.

Judge Brackenridge and Mr. J. R. Carey were at Valparaiso on legal business yesterday.

Kendrick & Shrimpton are the architects of a new Catholic school and hall at Delphos, Ohio.

Nineteen years ago last night Fort Wayne was visited by the memorable St. Patrick's tornado.

Chancellor J. F. Laug left to-day for Union City, Ind., and this evening will deliver a lecture at the Catholic church.

Mr. George T. Williams, of Cleveland, superintendent of the Baltimore and Ohio Telegraph company's Nickel Plate system was at the Aveline house last night.

Mr. Geo. Gordon has a steam hatchery in operation at his chicken yards out in Mechanicsburg and next Sunday he expects to have the shells liberate a hundred chicks.

The Morton club gives another of its weekly receptions to-night. Liveried doorkeepers inspect the credentials of visitors who present themselves to back in oriental luxuriance.

Engineer Wm. H. Gates, of the Fort Wayne road, was agreeably surprised by a party of friends at his home last night. The visitors were royally entertained.

The Wabash detectives are hot on the track of the miscreants who attempted to blow up an engine on that road the other night by placing a three pound sack of blasting powder in the coal tank.

In 1886 the Wabash gave out 27,776 trip passes, of which 25,000 are estimated to have been of the class now subject to legal prohibition. Estimated at $10 apiece these passes represent a value of $150,000.

It is said to be the purpose of the Wabash directory to secure the Chicago division in the near future, and ultimately the system east of the Mississippi river, as it stood when Judge Gresham separated them.

Last night the telegraph operators at Richmond, Ind., wired here the startling news that President Cleveland dropped dead at the white house. They were questioned as to the origin of the idle rumor and replied that it came from Cincinnati.

The inter-state commerce bill does not abolish passes within the limits of a state, although the majority of the roads will withdraw them entirely. It is predicted by the railroaders themselves that passes within a state will be issued by all roads not long after the bill goes into effect. It will be caused by competition between the lines.

Mr. R. F. Kinnard must have had a great time at the session of general passengers agents at Washington. The delegates, accompanied by their ladies, called at the white house, and were introduced to President Cleveland. The remainder of the afternoon was spent in looking through the departments. The party was photographed while standing in a group on the steps of the navy department.

The session of the northern Indiana superintendents and teachers which convenes at South Bend, beginning this evening and lasting until Saturday afternoon, promises to be the most largely attended and interesting session yet held. There will be two splendid free lectures by Dr. David Jordon, president of the state university, and by Prof. John M. Coulter, of Wabash college, both in the evening, and a day lecture by State Superintendent LaFollette, as well as many other interesting exercises.

In a recent interview Hon. A. P. Edgerton is credited with saying: "I do not believe in investigating the appointments made in postoffice or other public places. After the candidates have complied with the requirements of the law what difference does it make whether a number of democrats are fortunate enough to get office and a few dissatisfied republicans are left out in the distribution? For this reason I declined to be a party to the tomfoolery of going over to Philadelphia to learn why, out of 184 appointments made under the new regime, only two happened to be republicans. All that is needed, in my opinion, is to have good, efficient clerks, without any reference to the fury of rabid partisans."

## INDIANA NEWS.

**Late Notes of Interest From Various Points in Hoosierdom.**

The Huntington gas well is down 1,000 feet already.

The Warsaw fair ground has passed into the hands of the principal stockholders and will be laid off into lots and offered for sale.

Lagrange county is about to vote upon the question of taxing the county to the amount of $100,000 to build the Orland extension of the Grand Rapids road.

Professor LaFollette took charge of the office of superintendent of public instruction Tuesday. He observed the event by entertaining the state officers and a few friends at dinner at the Grand hotel. David M. Geeting, of New Albany, is the professor's principal assistant.

The Isaac Walton and Mishawaka fishing club are in correspondence with the state fish commissioner, to secure an appointment for St. Joseph county and for this county of a fish constable with power to look after the violators of the law against seining and trapping fish and killing of them by dynamite.

A suit that has excited a great deal of interest as establishing a precedent, has been decided in the Elkhart circuit court, namely the case of H. C. Dodge, a lawyer of that city, vs. the Midland Telephone company, for repeated infractions of the law, although but one infraction was adjudged. He was given a verdict of $100.

A natural gas explosion took place yesterday at 9 o'clock in the city high school building at Kokomo, knocking down the stoves and stove-piping, and causing a lively panic among 800 school children. Fortunately, no one was seriously hurt. The cause of the explosion was owing to the insecure fittings of the pipes in the building.

Judge LaRue, of the superior court, has issued an order that the Lafayette *Journal* property be sold at public auction to the highest bidder on Saturday, April 2. The receivers will continue the publication of the paper until that time. They yesterday dismissed the non-union printers, who have been employed on the paper for several days past, and union printers went to work again last night.

The new gas well opened at Marion last Saturday evening promises to develop into a genuine wonder. Yesterday the drill was let down and the well was sunk a foot deeper. When the drill was withdrawn a volley of pebbles and pulverized Trenton rock was thrown nearly a hundred feet high. A two-inch pipe was attached and the current was ignited. The flame leaped up forty feet, and burned without smoke or odor.

The Anderson *Democrat*, the organ of the democracy of Madison county, was purchased yesterday by ex-Secretary of state Myers, who takes possession after the issue of the paper next Friday. Colonel J. B. Maynard, of Indianapolis, will become editor, while Captain Myers will look after the business of the office. The consideration includes $1,400 in cash and a couple of pieces of city property owned by Mr. Myers, in all about $4,000.

The state officers were in consultation with the governor to-day over the state's financial embarrassment and proposed measures to relieve it, but no definite conclusion was reached. Under the existing law the governor is only authorized to borrow money to pay interest on the state's debt, and this interest for the current year will amount to about $300,000, for which the governor will probably authorize a loan. This will not relieve the general embarrassment in the treasury, however.

Representatives of the Grand Army post composing the soldiers' association of Grant, Madison, Delaware and Blackford counties, met at Marion, yesterday, to perfect arrangements for a reunion and encampment to be held next summer. It was decided to hold the encampment at the fair grounds at Marion, Tuesday, Wednesday and Thursday, commencing August 2. The program will include processions, parades, and a great sham battle on the closing day. Major George Steel was chosen encampment commander.

Robert McKee, of Union City, was tried at Winchester last week for perpetrating the Bohemian oats swindle. The trial was one of the most exciting and hotly contested ever held in the above place, able counsel for both sides being employed. The jury brought in a verdict against McKee, fixing his punishment at two years in the penitentiary, and imposing a fine of $25. McKee was a prominent business man of Union City, and served the people as township trustee for several years. This is the first conviction, we believe, in thisstate.

James J. H. Gregory, the well known seedsman and florist, of Marblehead, Mass., learning through the papers that a minister in South Bend supported a family of seven persons and paid railroad fare to Laporte once every two weeks, on a salary of $203, wrote to ascertain his name, and finding thatit was Rev. George W. Brown, of the African M. E. church, sent him a letter containing $10 and an invitation to select any garden or flower seeds in the Gregory catalogue and they would be sent gratis.

The complaint in a suit for $25,000 in a case involving the fogery of a name to one note for $15,000 and another for $1,500 was filed in the Wabash circuit court to-day. The plaintiffs are Mrs. Olive Woodrum and Mrs. Emma Canaday, of Roanoke county, Virginia, only children of Jacob Christman, a rich farmer, who died in this county eleven years ago. The complaint declares that Sarah Christman, a sister, Peter and Louis Christman brothers of Jacob, forged the name of Jacob to the notes after his demise, and realized on them, by which transaction the daughters were left penniless.

The peculiar purifying and building up powers of Hood's Sarsaparilla, make it the very best medicine to take at this season.

The directors of the Shelbyville natural gas, oil and water company held a meeting Saturday and decided to abandon further work at the present well, as it was evident neither gas nor oil would be obtained. It was also agreed to drill another well at a distance of about one mile southeast of well No. 1.

I have been afflicted with an affection of the throat from childhood, caused by diphtheria, and have used various remedies, but have never found anything equal to Brown's Bronchial Troches.—Rev. G. M. F. Hampton, Ky. Sold only in boxes.

On Saturday morning, near Mulberry, a farmer named Samuel Moore, was found beside the track of the Lake Erie and Western railway. He had been run over. One leg was cut off and the other mashed and it is supposed he lay beside the track all night. He was speechless when found.

**We Caution All Against Them.**

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in the head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in the highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price, 50 cents.

## THE CITY NEWS.

Will Pyke was the first to introduce new strawberries here this year.

Hon. J. W. Adair, of Columbia City, who was seriously ill, will soon be out again.

The Huntington authorities will not permit Wabash trains to stop on street crossings hereafter.

Dr. J. W. McHenry, who represented this county in the legislature, has removed from Maples, this county, to Larwill, Whitley county.

The Columbia City *Post* says: "County Clerk Long, and City Clerk Rockhill were among the Knights from Fort Wayne, who attended the funeral of Hon. Wm. Carr.

The North Indiana M. E. conference will meet at Marion, Grant county, on the 7th of April. The Methodist members are all preparing their conference reports for the occasion.

The late Hon. Wm. Carr, of Columbia City, had his life insured for $2,500 in the Masonic Mutual and made a will leaving all his property to his widow, excepting the insurance which he bequeathed to his two daughters.

Capt. J. B. White and Judge L. M. Nirde were at Richmond yesterday, where Hon. Isaac Jenkinson testified as to the issuance of naturalization papers to Captain White. Judge Lowry was present when the depositions were taken and returned home last night.

Yesterday Deputy United States Marshal Jas. Wilkinson went to Huntington and placed under arrest for the violation of the liquor laws, J. W. Jacoby, who keeps a saloon near the Chicago and Atlantic road. He was brought to this city to answer the charge and is having a hearing before Commissioner Harper.

The attention of our readers is called to the announcement of Sam, Pete & Max. It certainly is a most liberal mercantile enterprise, in which the entire community is interested. As usual, this well known firm is first in the field with an enormous stock of spring and summer clothing, gents' furnishings, etc., at anti-boom prices. 15-daw

The *Gazette* this morning incorrectly quotes Colonel Robertson as seeking some credit for the passage of the feeble minded institute bill through the state senate. Colonel Robertson could in no way assist the measure in the senate, nor did he so state. He urged his republican friends to support the bill in the house, and without their votes it could not pass. This is all the colonel claimed.

Frank E. Reynolds was at Indianapolis yesterday.

M. E. Hardendorf, of Rome City, expects to move to Fort Wayne soon.

The quarterly report of the Wabash receivers, Tutt and Humphreys, has been filed in the United States circuit court. Receipts, $3,845,267; disbursements, $4,015,980; balance on hand February 28, $100,708.

Will King, chief clerk of F. P. Wade, district passenger agent of the Wabash west of the river, has resigned to accept a position in the office of General Passenger Agent Snow, of the Wabash lines east of the river.

A Rome City correspondent says: "A brakeman on the Grand Rapids and Indiana broke or fractured several of his ribs here last Saturday night. He attempted to board the train, but in some manner the train gave a sudden start throwing him against the car in such a manner as to produce the above results.

Conductors report that the holders of passes, which will be void after the taking effect of the new law, still show a determination to get all the good out of them they well can. Said one of the conductors on a train which run into the city yesterday: "I had eighty-four passengers on my train, and thirty-two of them were traveling on passes."

A Roanoke correspondent writes: "Harry Olmstead, of Fort Wayne, came down Saturday and spent Sunday with the family of his mother, on First street.—The remains of William Beck, who resides on the Fort Wayne road, were brought here last Sunday and buried in the south cemetery.—A message received here Sunday by Mrs. W. W. Walton announced a fatal accident which befell her brother, John Gallagher, who was employed on the 'Nypano' railroad. The remains were brought from Marion, Ohio, and interred at Fort Wayne, Tuesday."

The state fish law reads: "Whoever shall take any fish with a gig or spear during the months of March, April, May, November or December of any year; or shall take any fish with a net, seine, gun, or trap of any kind, or set net, weir or pot in any of the lakes, ponds, rivers or small streams of this state, shall be fined not more than twenty-five dollars nor less than five dollars for each fish so taken. But the provisions of this section shall not apply to legitimate fishing with hook, line and pole, or to persons catching small minnows for bait with a seine not over fifteen feet in length."

In the presence of the family the will of the late Dr. Carl Schmitz was opened last evening, disposing of an estate probably worth $200,000. In the first clause of the will all the property, real and personal and of whatever nature is left to his wife wife full power to sell and convey in such manner as she may deem best. The second clause divides what may remain at her death, share and share alike, between the three heirs, Mrs. A. Blowend, Mrs. Douglass, daughters of the testator, and Master Charles A. Schmitz, his grandson. The third clause provides that in the event of either of his heirs dying without issue, his or her share of the property that may remain upon the death of the widow shall go to the other two heirs to be equally shared by them. The fourth clause nominates and appoints Charles McCulloch, president of the Hamilton bank, executor.
